

### AUTOMOTIVE FLUID TEST KIT

Includes quantitative laboratory analysis and interpretative report

#### DIRECTIONS

1. Use the enclosed, gloves and pipette to collect a representative automotive fluid sample for analysis.  
Note: a representative sample may include multiple phases, layers and settled solid particulates and residues.
2. Replace the cap and ensure that the vial does not leak. Wipe away any excess sample. Place vial in sealable bag.
3. Complete the form below. *\*A signature is required for analysis.*
4. Return contents to the shipping tube, except gloves/pipette if used. Adhesive metallic tape is provided to prevent tampering by placing over the shipping tube cap interface.
5. Mail to Absolute Laboratories. If results are time-sensitive consider shipping with FedEx or UPS.

**NOTE:** Ship flammable samples (gasoline) by ground and include **"CONFORMS 49 CFR 173.4 DOMESTIC HWY/RAIL"** on the shipping label.
